Maybe even better than free.

So try our free and simple filehosting service now. Alternatively you can choose to share your download links on blogs, forums and social networking sites. It is also allowed to link to the download page from websites and communities. You decide who you want to share your files with. Files can be downloaded fromany computer from our high speed servers. Keep your files private, or send your download links only to friends or family. Any file in any format can beuploaded and downloaded for free. filehosting provides an easy possibility for you to send large files to your friends. No account or credit card is required to getstarted. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Unfortunately, we can't make that part free. Simply uploadyour file and share the link. Using file, you can circumvent those limits without paying to upgrade your team chat service. Our service is completely free foreveryone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Just upload the file you want to share with your friends and we send you a download link toyour file. You can upload any type of file (movies, music, documents, images, zip files and more). File is free to use with no gotchas and no hidden fees. Filestransferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. There are no restrictions on thenumber of times a file can be downloaded. We have no file size limit. If only we could, we surely would! On the other hand, using file can actually save youmoney. The cost of that data transfer is covered by your internet service or the data plan on your phone. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. You don't need any special software installed to be able to download your files. Why pay storage fees for a filethat you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Youcan give this download link to your friends by mail or instant messenger.
